NATIONAL RECYCLING WEEK-2023

National Recycling Day is just the day to take a pledge to recycle those used products and waste that would otherwise be piling up. If you care about the earth and hope to eventually stop the destruction of it, then now is the time to learn about National Recycling Day. In relation to National Recycling week-2023, Environmental Students club & NSS Unit of Vinayaka Mission's College Pharmacy conducted the celebration on 17.11.20023 at our campus. As awareness campaign regarding the importance of the day "Wealth out of Waste" was conducted. 54 Students participated enthusiastically in sharing their thoughts and exhibiting their concern towards social responsibility.
